Dear Parents/Carers,

I am writing to express my concern over the health and safety issues that we experienced this morning due to the excessive number of vehicles entering the school site via the school car park. The unprecedented volume of vehicles would have made it impossible for emergency vehicles to gain access to the school site, this places our children at risk.

As a result of this, we will not be allowing parents/carers to park or enter the school site via the car park entrance unless there is evidence provided to demonstrate an exceptional circumstance.

In order for us to ensure all pedestrians, children and staff are safe on site, we have to enforce this as a matter of urgency. Members of the leadership team will be present at the entrance to authorise anyone entering our school site during the start and end of the school day. Please do not attempt to enter the school via this entrance unless you have provided evidence at the front office and this has been approved.

I understand this may cause inconvenience for some; however, I must put health and safety at the forefront of this decision.

If you wish to be considered for exceptional circumstances, please put this in writing with attached evidence to the front office or email it to info@sledmere.dudley.sch.uk

Thank you for your continued support.

Yours faithfully,

Miss E Pritchett
Headteacher
